**Michele Bonino** is a Registered Architect and holds a PhD in History of Architecture. He is Professor of Architecture and Urban Design at the Politecnico di Torino, where he currently serves as Head of the Department of Architecture and Design (DAD) and previously was Vice-Rector for Relations with China and Asian Countries.

He is Honorary Professor at the Harbin Institute of Technology and Visiting Professor at the University of Belgrade, and has held visiting appointments at Tsinghua University (2013–2014) and MIT (2016).

As Senior Research Fellow at Politecnico's China Room, he was principal architect of the Shougang Visitor Centre for the Beijing 2022 Winter Olympics, developed in collaboration with Tsinghua University.

Bonino co-curated the 2019 Bi-City Biennale of Urbanism/Architecture in Shenzhen and has been invited to the Venice Biennale of Architecture in 2004, 2010 (Italian Pavilion), 2021 (China Pavilion), and 2025 (main exhibition). His research mostly focuses on design innovation and transnational practices, with more than 350 scientific publications.

His recent books include *New Silk Roads* (Birkhäuser, 2024, with F. Carota), *The Story of a Section* (ORO, 2022, with E. Bruno, A. Armando, G. Durbiano), and *China Goes Urban* (Skira, 2020, edited with F. Carota, F. Governa, S. Pellecchia). His current design projects include heritage restoration at Addis Ababa University.
