

Short Curriculum Vitae: Diego Gino

Position:

Fixed-term tenure-track assistant professor – RTD/b

Department of Structural, Geotechnical and Building Engineering (DISEG), Politecnico di Torino, Corso Duca degli Abruzzi, 24 - 10129 Turin, Italy

Contacts:

Email address: diego.gino@polito.it

Phone : 00390110905307

My fields of expertise:

- ❖ *Non-linear numerical analysis*
 - ❖ *Seismic assessment*
 - ❖ *Structural reliability and robustness*
 - ❖ *Bridges engineering*
 - ❖ *Reinforced concrete*
 - ❖ *Prestressed concrete*
 - ❖ *Composite structures*
-

My photograph and brief biography:

Research in numbers:

Scopus

N° citations: 972

H-index: 15

N° of publications: 66

Diego Gino is Researcher in Structural Engineering at the Department of Structural, Geotechnical and Building Engineering (DISEG), Politecnico di Torino (Italy) since the year 2021. In 2018, he earned the PhD degree in Civil and Environmental Engineering at the Politecnico di Torino (Italy). He is member of *fib* (International federation for structural concrete) Bodies related to reliability of existing structures and robustness and his research is mainly focused on methods for safety verification of reinforced concrete structures by using non-linear numerical analysis. He is author of more than 60 scientific papers published in International and National Journals and Conferences.
